

## OUR JOURNEY

Andy, from Jestaminute, helped us using 'Image Theatre' to think about and show what we felt about our area and what would make it better.

We then used these thoughts and feelings to help us devise some 'adverts' to sell our area, and then used these as a basis to make up a short play, so we could show other people.

We imagined that alien 'Argon' came to our school to find out what it was like to live on earth, as part of his homework project. We couldn't play in the park because it was too dirty - 'Crazy Charlie' tries to clean it up but it was an impossible task.

Argon was upset to see:

- 👁️ a gang fight
- 👁️ litter in the park
- 👁️ graffiti

He asked whether we liked living like that and we said no. Argon said he could show us how to make it better if we sent him our thoughts. He sends a message to Charlie who suggests that if we help him clean up – it would improve things for everyone.
